To who this may concern:  
Recommendation for Peachtree

I wanted to express my appreciation for John Robinson with "Peachtree" for the excellent service that he and his company have provided to my store over the last several years. My understanding is that Peachtree is bidding to continue service to my store and I wanted the opportunity to express my thoughts.

John and Peachtree have been the best landscape company that I have ever worked with. What I appreciate most is the communication and excellent service from John throughout the year. If I ever need service or if I ever have an issue, I would simply call John and Peachtree has always been very quick to resolve the issue. I can not express enough how good this relationship has been for my peace of mind in knowing that I never had to worry about the lawn care service, the parking lot sweeping, or even the ice or snow removal in the past.

I highly recommend Peachtree and I can vouch for their excellent service and attention to detail. I would like to continue service with Peachtree in the future if at all possible.

Sincerely,

Steven D Phillips  
Store Manager, store #5057  
Walmart Stores, Inc.
